Universidad Antonio Nariño Report
SDG 2. Zero Hunger

Achievements 2019

- International Alliances: Tecnológico de Monterrey (México), Universidad Federal do Ouro Preto (Brasil), University of Oslo (Norway), Kaunas University of Technology (Lithuania).
- Definition of SDG's UAN approach (6 pillars: Learning and Teaching, Research, Partnerships, Internationalization, Social Leadership and Advocacy + a transversal axis: Awareness).
- Adoption of IAU's HESD Model by ASCUN (Association of Colombian Universities). At the national level there is also a leading university for each SDG, following the concept of the IAU Cluster on HESD. UAN is also leading the SDG2 and is very committed to the SDG 5.
- Inclusion of SDG 2 and 6 in the internal call for Resrach Projects funding. 6 research projects on SDG 2 funded.
- Learning challenge 2019 based on the TEC's of Monterrey methodology. Use of cocoa peel to produce new food products. 85 students participated (Environmental Engineering, Business Administration, Accounting and Biomedical Engineering).
- Participation in strategic events: COP25 - UAN Presentation: *La educación en la construcción de una ética intergeneracional frente a la crisis climática global- COP 25,* IAU Conference, among others.
- Website and domestic communication strategy

Upcoming activities 2020
